Call us for prices on other sizes and customized cards.

Prices do not include **Artwork, Design** and **Taxes**.
 Delivery is **5 working days** from approval of artwork.

If Artwork Supplied By You

All artwork must be in **300dpi**, **CMYK** or **RGB** and in **Pdf** or **Tiff** file format. When designing your own artwork, please allow for a 1/4" bleed on all sides. This will ensure that the background will be consistent colour on all 4 sides.

See the example below.

Standard Card Size 3½" x 2"

The card will be cut where you see the white lines **in the example**, so please keep your artwork and text at least ¼" inside that line. Keeping the text and design within the 3¼" x 1¾" yellow frame will ensure that nothing will be cut off when the card is trimmed. Call us if you need any assistance in creating your own artwork of your Business Cards or Post Cards requirements.

Please call us for prices on custom sizes for all your Business or Post Card requirements.
